SISTER CARSON

When we hear music, music, music, we know Sister Dorothy Carson, teacher from across the border, is conducting one of her classes. She teaches all three classes of music, as well as piano.

In the Bible courses she teaches Ages and Dispensation, Bible Introduction, Authority, Pentateuch, Johannine Epistles, and Old Testament Prophets.

Sister Carson was graduated from Western Bible College in Winnipeg, Manitoba. She has had two years' experience in pastoral work in Alberta, Canada, and has taught two summers in vacation Bible schools.

This is Sister Carson's first year at Lakewood Park Bible School and everyone enjoys her friendly personality and sense of humor. She has been a great help in the musical activities of the school, especially the Radio Choir, doing much of the solo work.

But her talents are not limited to music. She has demonstrated an excellent proficiency in Art work. In poster work and especially in the Annual for 1952 her work has been a most appreciated factor. Both the fields of music and art have added much to the scope of the school program.
