

Faculty

There is something fishy about this picture . . . Rev. K. E. Olson takes time out from his duties as Dist. Supt. to examine some of the fish in his aquarium. He is kept busy as Dist. Supt. and President of the school. His teaching ministry and inspiring chapel talks have been of great benefit to the students.

This is one man whom all love. Yes, it's Rev. Peter Walker, school business manager. He has many duties as Secretary of District of the Assemblies of Christ. Walker teaches Pneumatology to Seniors.

A smile is a good tonic and this expression would invite the most timid fellow to ask permission for a date or to talk over some spiritual problem. Rev. W. H. Kesler will long be remembered for his smiles and deep spiritual life.
