

How can we as the Senior Class express our thoughts toward our Bible school years? In order to show the force of this question more clearly may I ask another, quite parallel in significance. How can you describe the fragrance of a rose? Or how can you describe the immensity of God's wonderful universe? . . . The vague answer we give is simply this: It's rather difficult! You see, reader, a Bible school experience, like many other things of life, is as the old German said, "better felt than telt."

Many of the people of God's Kingdom realize the vast content of the Word of God, and God's dealings manward. As we near our graduation we are much more aware of this fact. Oh, how much there is to understand and study! David Clark once testified, "I could study for thirty years and still there would be so much more to cover." How true this is. We will leave the halls of HCBI thinking of the depths of God's Word, remembering not only the things we have learned, but also how much more there is to learn.

Bible school and its influences has tended to establish our spiritual experiences. The atmosphere is one which encourages this, and it is only natural that this should be accomplished, through the Spirit of God. We look forward to service for our Master in the line of missions, pastoral work, or just plain staunch deacons or Sunday School superintendents.

We thank you, our parents, for your assistance and encouragement; teachers, for your willingness to be used as God's instrument to help mold and shape our lives for service; board of administration and directors, for your capable leadership which keeps our school in the line of progress; our fellow students, for your precious friendships and unity as brothers and sisters in Christ; and you, who may not have any tangible connection with the school, we thank you for your prayers and support. Above all, we thank God for His abundant love toward us which is the basic fact for the establishment of this Institution.

How can you describe the fragrance of a rose? . . . What does HUB CITY BIBLE INSTITUTE mean to the graduating class of 1964? It's something too good for words, but we trust you grasp the analogy.

THE SENIOR CLASS
