MISS KATHRYN LOUCKS

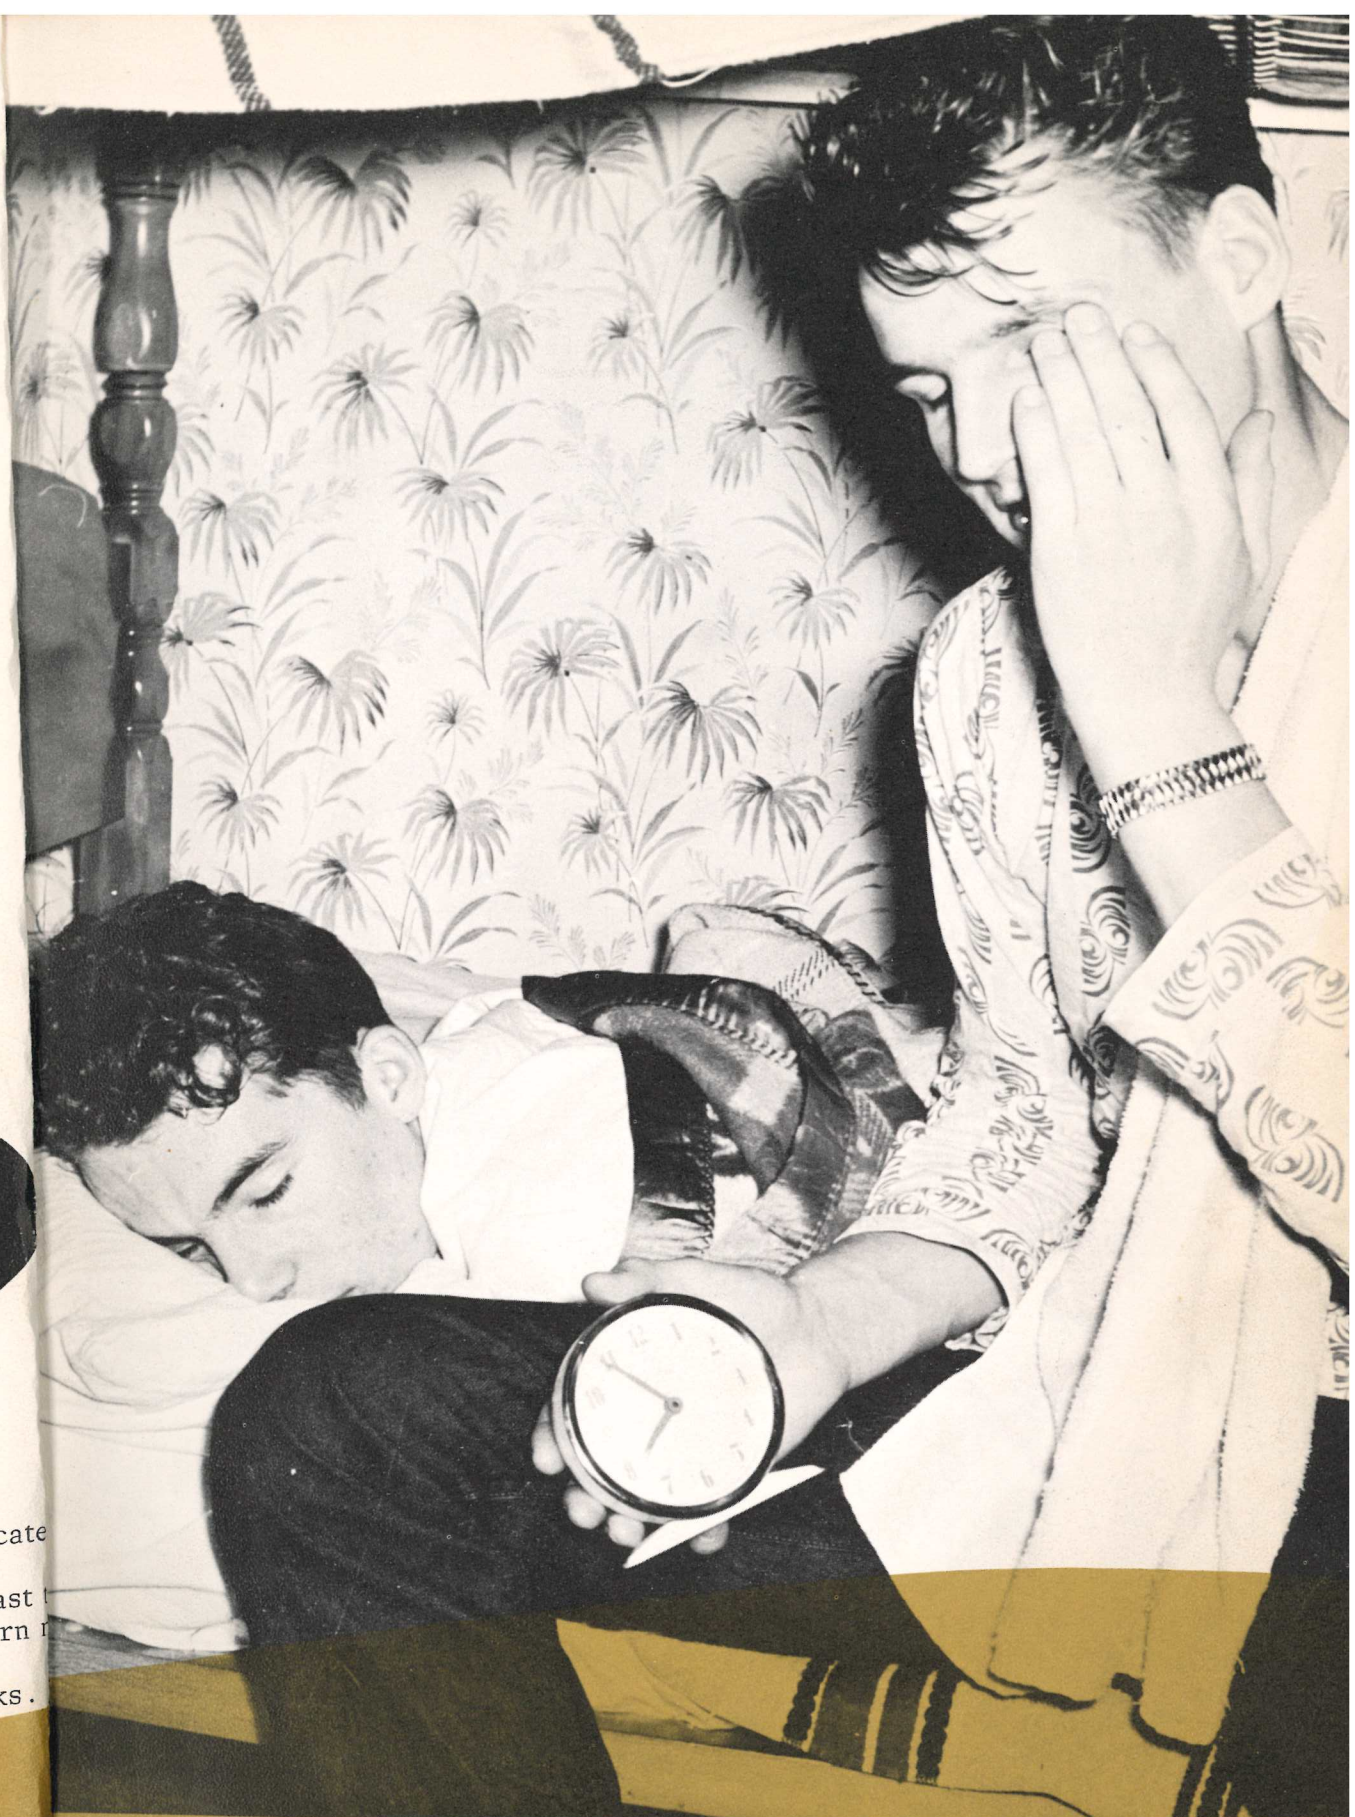

It is with pleasure that the class of 1960 dedicates this annual to our music teacher.

She has spent much time with us during the last years, endeavoring to help us appreciate and learn about music.

This is just a small way of showing our thanks

The "Lakewood Lingo" is a feature in school this year. It is a regular feature of the school with editions being made every month. Editor Allen, along with the reporters, has done a fine job in producing the first edition.

This portrays the Social Committee busily preparing for the Thanksgiving dinner. There is very little glory that goes with the job of the social committee. It is one of those "behind the scene" jobs. The only rewards for their hard work are the smiles of approval as the students participate in the different activities.

There is something fishy about this picture . . . Rev. K. E. Olson takes time out from his duties as Dist. Supt. to examine some of the fish in his aquarium. He is kept busy as Dist. Supt. and President of the school. His teaching ministry and inspiring chapel talks have been of great benefit to the students.

This is one man whom all love. Yes, it's Rev. Peter Walker, school business manager. He has many duties as Secretary of District of the Assemblies of Christ. Walker teaches Pneumatology to the Seniors.

A smile is a good tonic and this expression would invite the most timid fellow to ask permission for a date or to talk over some spiritual problem. Rev. W. H. Kesler will long be remembered for his smiles and deep spiritual life.

Where can a busy music teacher find a place of peace and quiet? Miss Loucks like to crochet and listen to the radio when she has a few spare moments in her well-filled day of teaching and practicing with special musical groups.

Rev. Faulkner, a new member of our faculty this year, is on his way to a class. We really enjoy his friendly and pleasant personality. He is the head of our practical program and is very efficient.

Mrs. Kesler, our Dean of Women, is a very wonderful person to know. Her Sunday School classes are thoroughly enjoyed by the students. She is also kept busy as grandmother, when her grandchildren come to visit. Her pleasing personality endears her to the hearts of all.

Salutatorian
Lowell Lundstrom

Connie was born and raised near Sisseton, South Dakota. After meeting Lowell she invited him to church. The night in April of 1957 she accepted Christ along with Lowell. Since that time they have traveled as an evangelistic team. Next to singing, packing for week-end trips occupies the greatest share of her free time.

To be a successful singer and musician in the entertainment world was the greatest aim of Lowell during his childhood days on a farm near Peever, South Dakota. When organizing his dance band and appearing on his own radio and T.V. shows, a great event took place in his life, he accepted Christ as his Savior. Since his conversion the Lowell has used his talents as an evangelist and song writer. Next to his love for music, duck hunting has occupied quite a portion of his fall week-ends.

New England, N. Dak.

One of Ginger's most favorite pastimes is listening to her radio. Her willingness to help others will long be remembered. She has participated in many school activities including trios, duets, social committee, and the student council. Best wishes to you, Ginger, as you graduate.

CHRISTINE SCHORSCH
New England, N. Dak.

Christine always has a happy smile. It radiates the joy that she possesses by knowing Christ and being raised in a Christian home. She has been active on social committees of Lowell during his time in orchestra. There are many things she likes to do, South Dakota. What one of her favorites is sewing. She was also on the band staff and very faithful even though she had her many other place in his life, he is around the house. Since his conversion the Lowellist and song writer. Three years of school have now gone by for Bill Graves. He entered school as a freshman -- single and eager, and will leave a graduate and married. Throughout his school life Bill has always shown a willingness to assist in whatever need presented itself, even if it took part of his free time. He was also active in orchestra and on social committee. We know Bill's future will be one of happiness and success as he follows Christ his Saviour.

This eligible bachelor hails from Deer Park, Wash. He has been the faithful manager of our school candy for the past two years. He has also been one of the mechanics, which has been one of his favorite pastimes. He has been very active in trios, quartets, and other school activities. He is now leaving Bible school to enter the world of life. May God's blessing be upon him in everything he does.

Freshmen

Mrs. Graves keeps herself busy studying and helping on the annual besides the activities she has at home. She is a quiet and pleasant person to know. She loves the Lord and seeks to do his will.

We find the Freshmen this year are studying hard to learn more about the word of God. Almost all the time of the day you will find them searching, digging, and continually learning new things. Along with this they take some time out for social activity and worship with the other students. A spiritual development in the Freshman body has been recognized during this year.

Miss Kathryn Loucks
Choir Director

The Lakewood Park Bible School Choir traveled extensively over N. Dak. and parts of this year.

Many churches have been blessed and uplifted in spirit through the singing of the students.

The Lord declares in His Word that we come before His presence with singing and giving.

Truly this has been the desire of the choir and their able director, Miss Loucks.

"Mac," as he is known by most of the students, is a real asset to the school. This is his second year as school custodian. His shop with its fine assortment of tools has been a real haven to the boys when looking for that certain tool to get at that tough spot while fixing their cars. He is kept quite busy as one of the campus barbers and getting "his boys" to bed at night.

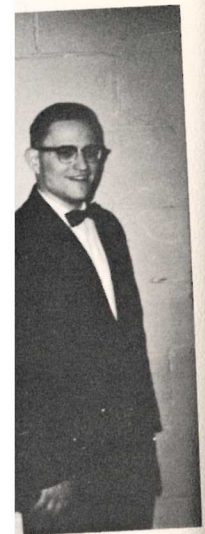

Staff

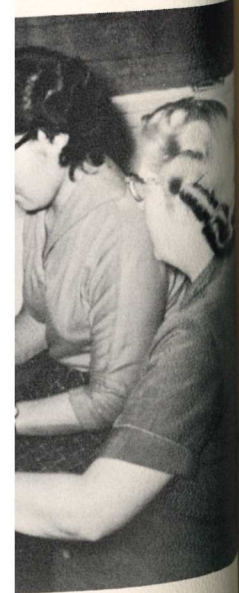

Our cook, Mrs. Klevenberg, busy preparing a salad which will be quickly devoured by the students. We appreciate her many hours of time and hard work spent in the kitchen.

Rev. T. J. Jones is a native of England. Formerly he taught in a Bible School in London. After coming to this country, he served as Dean of Glad Tidings Bible Institute in California for several years. For the past ten years or more he has been Dean of North Central Bible College in Minneapolis. Bro. Jones is much in demand as a camp meeting speaker and has ministered in this capacity throughout the United States and Canada.

Dennis Topp is the president of the Youth Temperance Council of North Dakota.

Chapel Speakers

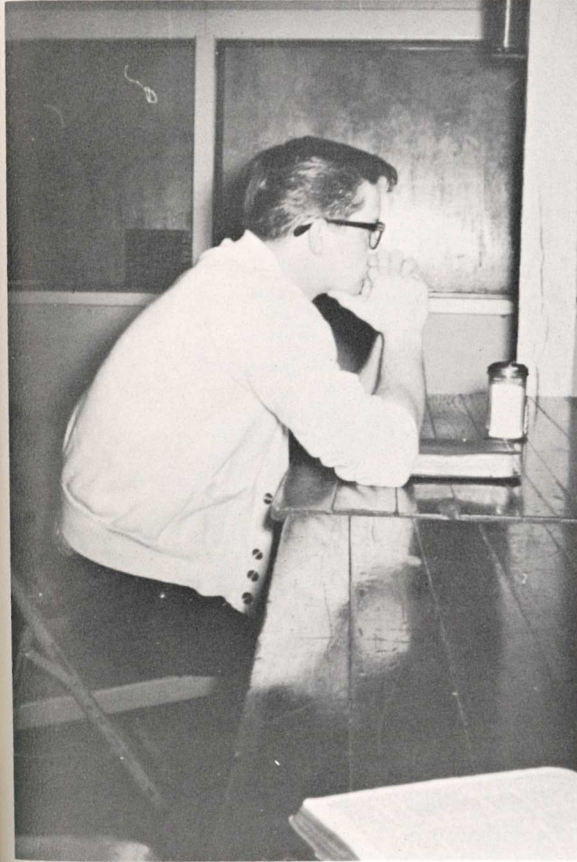

Rev. Gust Hanson and Rev. David Pritchard, ministers of the American Sunday School Union, are highly esteemed brethren of our school. They come to the school once a year to challenge our hearts with the Word of God. Rev. Hanson is a district representative located in Minn., and Rev. Pritchard, a representative for this area has recently built a Sunday School Chapel in Lakewood.

It gets cold in Wyoming but nothing like this. Wyoming is the land where they teach Fords to climb trees.

That's life, without a wife. Here we see Harold waiting for someone to come and inquire as to the picture on the desk.

The quality of Mrs. Beckstrand's cooking can readily be seen by the eagerness of the students to get in the lunch line. Mrs. Beckstrand is from Devils Lake and has been the school cook the second semester.

Not all good cooks are professional, but they can sure try. Don and Dick are busily engaged in making their favorite cookies, "chocolate chip."

In the classification of cooks, Emelia would be listed with the "young hopefuls." According to Emelia, the most important requirement is a "half pint" measure.
